

Deferred Action for Childhood Arrival (DACA) Recipients Serving in the Military

There are approximately 820 individuals either currently serving in the military, or who have signed contracts to serve, who are recipients of DACA and were recruited via the Military Accessions Vital to National Interest (MAVNI) Pilot Program. This reflects approximately 520 individuals in the active duty and reserve component (to include the Selected Reserve (SELRES) Delayed Training Program) and approximately 310 in the Delayed Entry Program. Of the approximately 520 currently serving, personnel master files reflect that approximately 140 have self-reported a change in their citizenship status to indicate naturalization. Citizenship data is as of July 31, 2017 and subject to change due to attrition, discharges, or other pending naturalization requests.
