If no data is present in a cell, this " - " represents zero.

¹ An H-2A is an alien coming temporarily to perform agricultural labor or services of a temporary or agent or an association of U.S. agricultural producers named as a joint employer on the temporary labor certification.

² The number of new petitions received and entered into a case-tracking system during the reporting period.

³ The number of petitions approved during the reporting period.

⁴ The number of petitions that were denied, terminated, or withdrawn during the reporting period.

⁵ The number of petitions awaiting a decision as of the end of the reporting period.

⁶ Represents the state that the company or U.S. agent is located in and not necessarily where the work will be performed.

NOTE: 1) Some applications approved, denied, or pending a decision may have been received in prior reporting periods.

2) The report reflects the most up-to-date estimate available at the time the report is generated.

3) A petition may be made for 1 or more workers.

4) We are only providing the last 4 numbers of the FEIN to protect PII.
