## The 9th Annual **SAVE User Forum** "MEETING YOUR NEEDS"

Wednesday, June 13, 2018

### 9th Annual SAVE "Meeting Your Needs" User Forum for 2018

SAVE's 9th Annual User Forum will be held on Wednesday, June 13, 2018. The forum's theme will be "Meeting Your Needs" and will feature discussion topics on best practices for agencies, updates on SAVE's recent system enhancements, and a live Q&A session with SAVE staff and partners.

### SAVE Goes Paperless on May 1, 2018

Beginning May 1, 2018, SAVE will be going electronic! We will no longer process mailed paper submissions of the Form G-845, Documentation Verification Request, or Form G-845, 3<sup>rd</sup> Step Document Verification Request. Paper forms postmarked May 1, 2018 or after will be returned without a response. For questions, please contact your agency manager or send an email to [SAVE.Help@uscis.dhs.gov](mailto:SAVE.Help@uscis.dhs.gov).

### DHS Evaluates TPS Designations

Quick reminder -- Temporary Protected Status is an important designation for your benefit applicants, and there have been recent changes to certain country designations that may affect your agency and customers. For more info, see the [Temporary Protected Status website](#).

### Recent SAVE Enhancements Update

The SAVE system is undergoing a comprehensive update to its website user interface. Some key enhancements include a new status bar across the top of the screen, a case progress bar on the left hand rail, and additional definitions of SAVE response codes. User training has been developed and will continue regarding these and forthcoming enhancements. For those who have received training, we'd love to hear your feedback.
