

Teleconference Invitation

2D Barcode Technology and Third-Party Software Compatibility Wednesday, November 6, 2013 2:00 p.m. (Eastern)

U.S. Citizenship and Immigration Services (USCIS) invites you to participate in a stakeholder teleconference on **Wednesday, November 6, 2013 from 2:00 p.m. to 3:30 p.m. (Eastern)** to discuss the new 2D barcoded forms technology as it relates to third-party software compatibility.

USCIS has begun publishing high-volume forms with 2D barcode technology as part of our [Forms Improvement Initiative](#). Data entered onto the form electronically will become readable in a new barcode at the bottom of each page that changes as the customer enters information. This technology greatly enhances our ability to quickly and accurately intake applications at the USCIS Lockbox facilities where the applications are mailed. We will provide an overview of the 2D barcode and its underlying technology during this engagement. USCIS officials will also be available to answer your questions.

To Register for this Session:

Please visit our [registration page](#) to confirm your participation. Be sure to provide your full name and organization by following these steps:

1. Enter your email address and select "Submit"
2. Select "Subscriber Preferences"
3. Select the "Event Registration" tab
4. Complete the questions and select "submit"

Once your registration is processed, you will receive a confirmation email with additional details.

If you have any questions about the registration process, or if you have not received a confirmation email within two business days, please email us at Public.Engagement@uscis.dhs.gov.

We look forward to engaging with you!
